Scottsdale Airport
Operational Plan 2023

Reservation Needed -Prior Permission Request (PPR)

Due to the high volume of traffic anticipated for Super Bowl, the airport will implement a reservation system. This system will be managed by the FBOs and coordinated with the FAA to better manage the influx of operations:

- **Starting Wednesday, Feb. 8 through Monday, Feb. 13, the airport has implemented a Prior Permission Request for visiting (non-based) operators only.** Visiting/non-based aircraft operators will need an advance reservation made through their preferred FBO.
- **From 5 p.m. Sunday, Feb. 12 through early evening Monday, Feb. 13, the FAA's Temporary Flight Restriction begins requiring that ALL aircraft (both based and non-based) to secure an advance reservation to fly into or out of Scottsdale Airport.** The advance reservation must be made through one of the FBOs.
- Reservation system will provide the FAA with essential information such as tail numbers and names of operators utilizing the airspace during the Super Bowl.
- A set number of reservations for arrivals and departures have been equally distributed to each FBO for their customers.

Scottsdale Airport
Operational Plan 2023

Reservation Needed - Temporary Flight Restriction

In addition, the FAA has implemented a Temporary Flight Restriction for all aircraft (based or transient) intending to access/depart SDL via VFR or IFR from 5 p.m. Super Bowl Sunday, Feb. 12, 2023 until early evening Monday, Feb. 13, 2023. All aircraft operators must have a **reservation with their preferred FBO**. Please contact your preferred FBO to discuss your service needs prior to your arrival (this applies to ALL traffic during the above referenced timeframe).

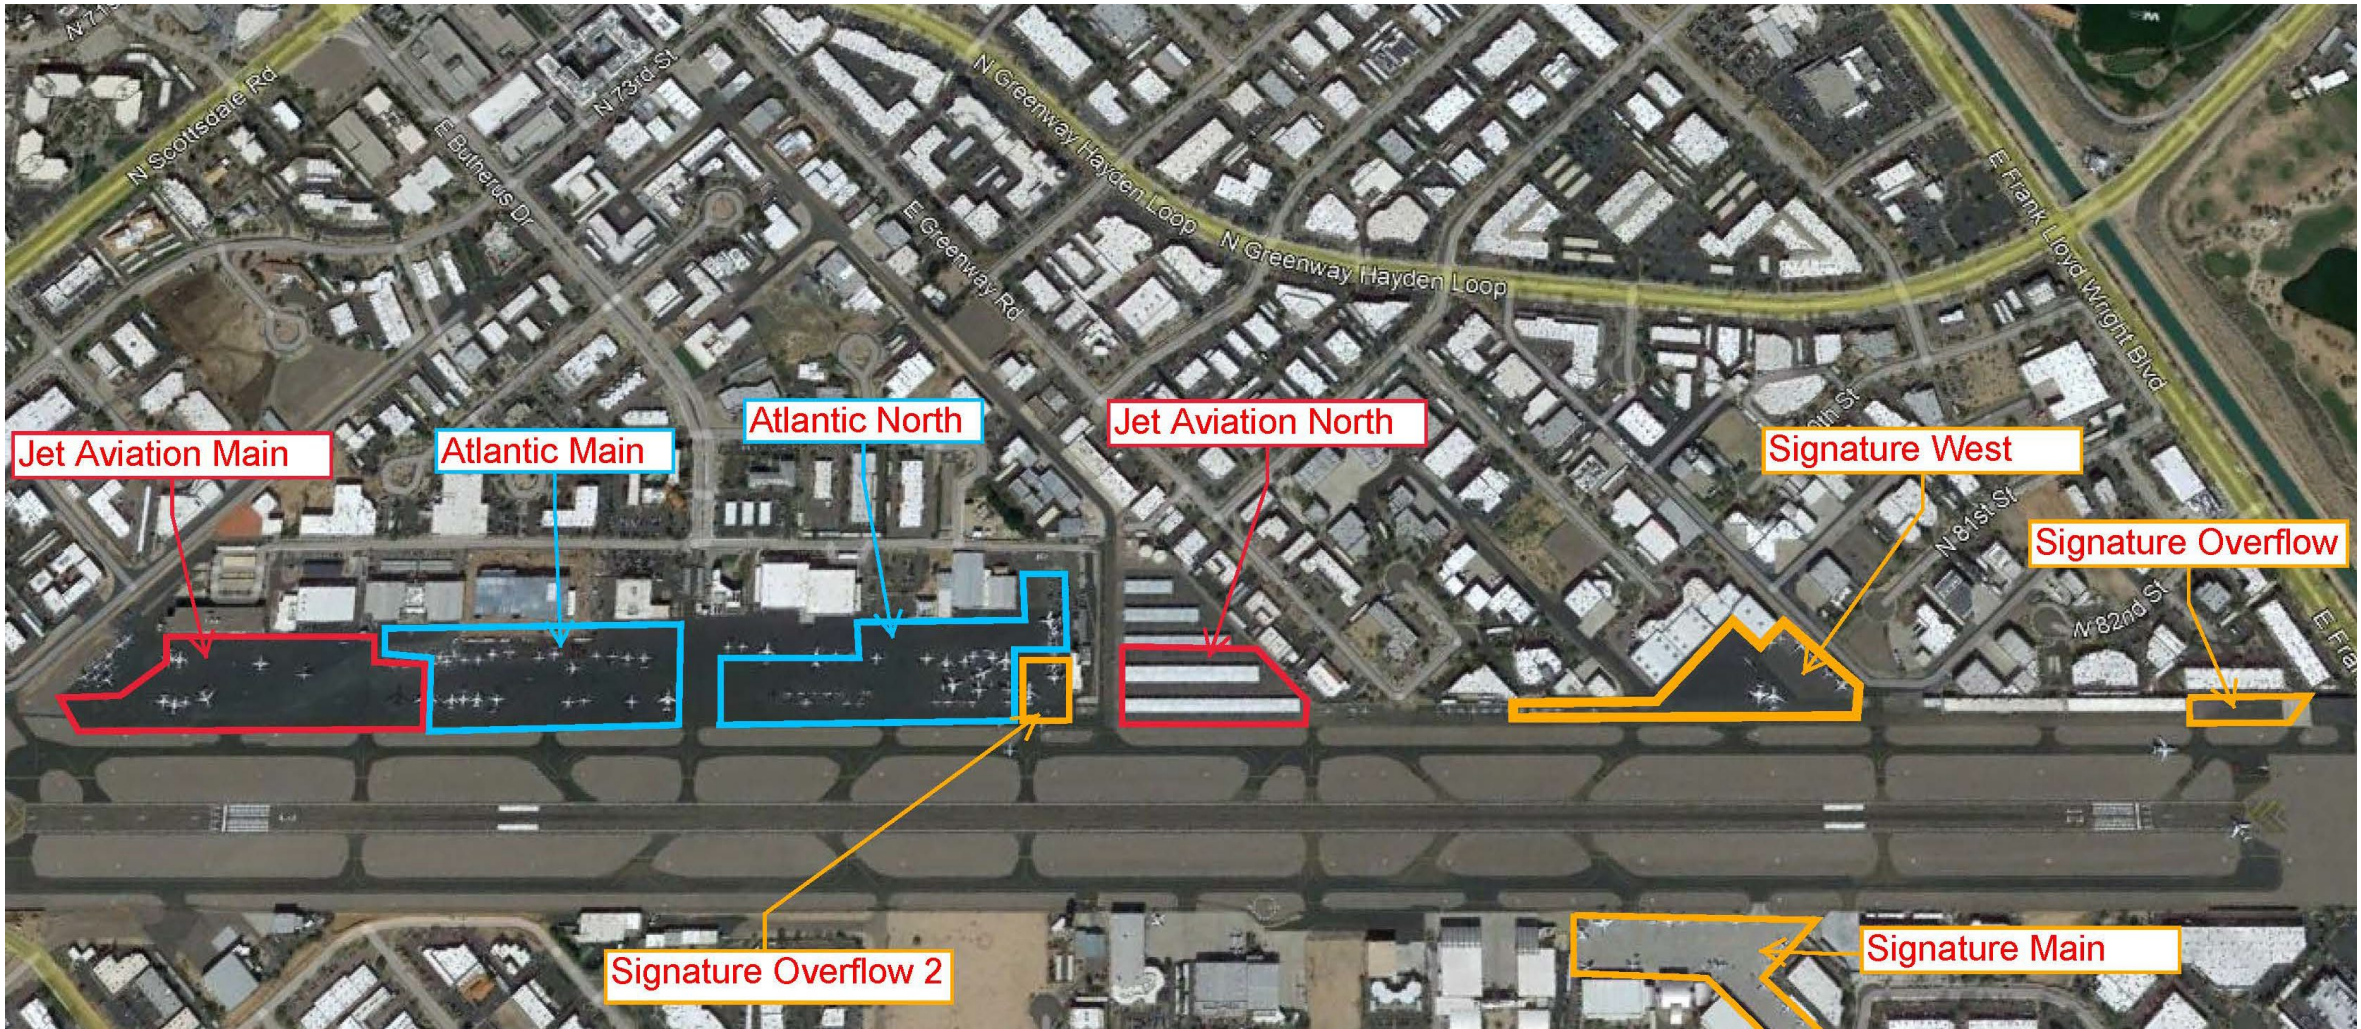

- You will be provided with a confirmation number by your preferred FBO which **must** be added to the comment section of your flight plan.
- According to FAA Air Traffic personnel, the Airport will have a total of approximately 33 departure slots per hour available and 3 arrival slots per hour during the PPR Super Bowl event time frames, **so place your reservation with your preferred FBO as soon as possible.**

Super Bowl Aircraft Parking Map

Scottsdale Airport
Operational Plan 2023

Temporary Flight Restrictions

- Under the proposed TFR, Scottsdale Airport will be allowed to accept arrivals and departures during the times that the Super Bowl TFR is in effect.
- There will be limited access for arrivals (estimated 3 per hour) starting half time of the game through Monday due to the high amount of departing traffic from the region.

Scottsdale Airport
Operational Plan 2023

Halftime/Post Game Departure Procedures

Aircraft crews must check in with the Airport Departure Control Desk (Aviation Department Staff) at their respective FBO; when ALL passengers are present and ready for departure.

It is recommended that crew members arrive at least 45 minutes prior to departure.

It is recommended that passengers arrive at least 30 minutes prior to departure

Scottsdale Airport
Operational Plan 2023

Halftime/Post Game Departure Procedures

- A departure reservation number will be issued by the Airport Departure Control Desk once clearance is received.
- Once a departure reservation number is assigned, pilots and passengers will be escorted to their aircraft by an FBO staff member.
- Prior to engine start, check ATIS for Clearance Delivery instructions.
- Obtain IFR clearance from Clearance Delivery at 124.8.
- Contact Ground for taxi instructions at 121.6.
- ATC will direct aircraft to the departure runway

Scottsdale Airport
Operational Plan 2023

Prior to Departure Timeslot

Scottsdale Airport
Operational Plan 2023

Based Aircraft Operations

- Based aircraft at Scottsdale Airport will require a reservation to depart during the PPR period (Sunday through Monday). Reservations may be obtained by calling one of Scottsdale's FBOs.
- Based tenants shall contact the Airport Departure Control Desk at their preferred FBO (the FBO which coordinated your reservation) prior to receiving clearance from the FAA.
- FBOs will coordinate with based tenants looking for departure reservations

Scottsdale Airport
Operational Plan 2023

Ground Transportation

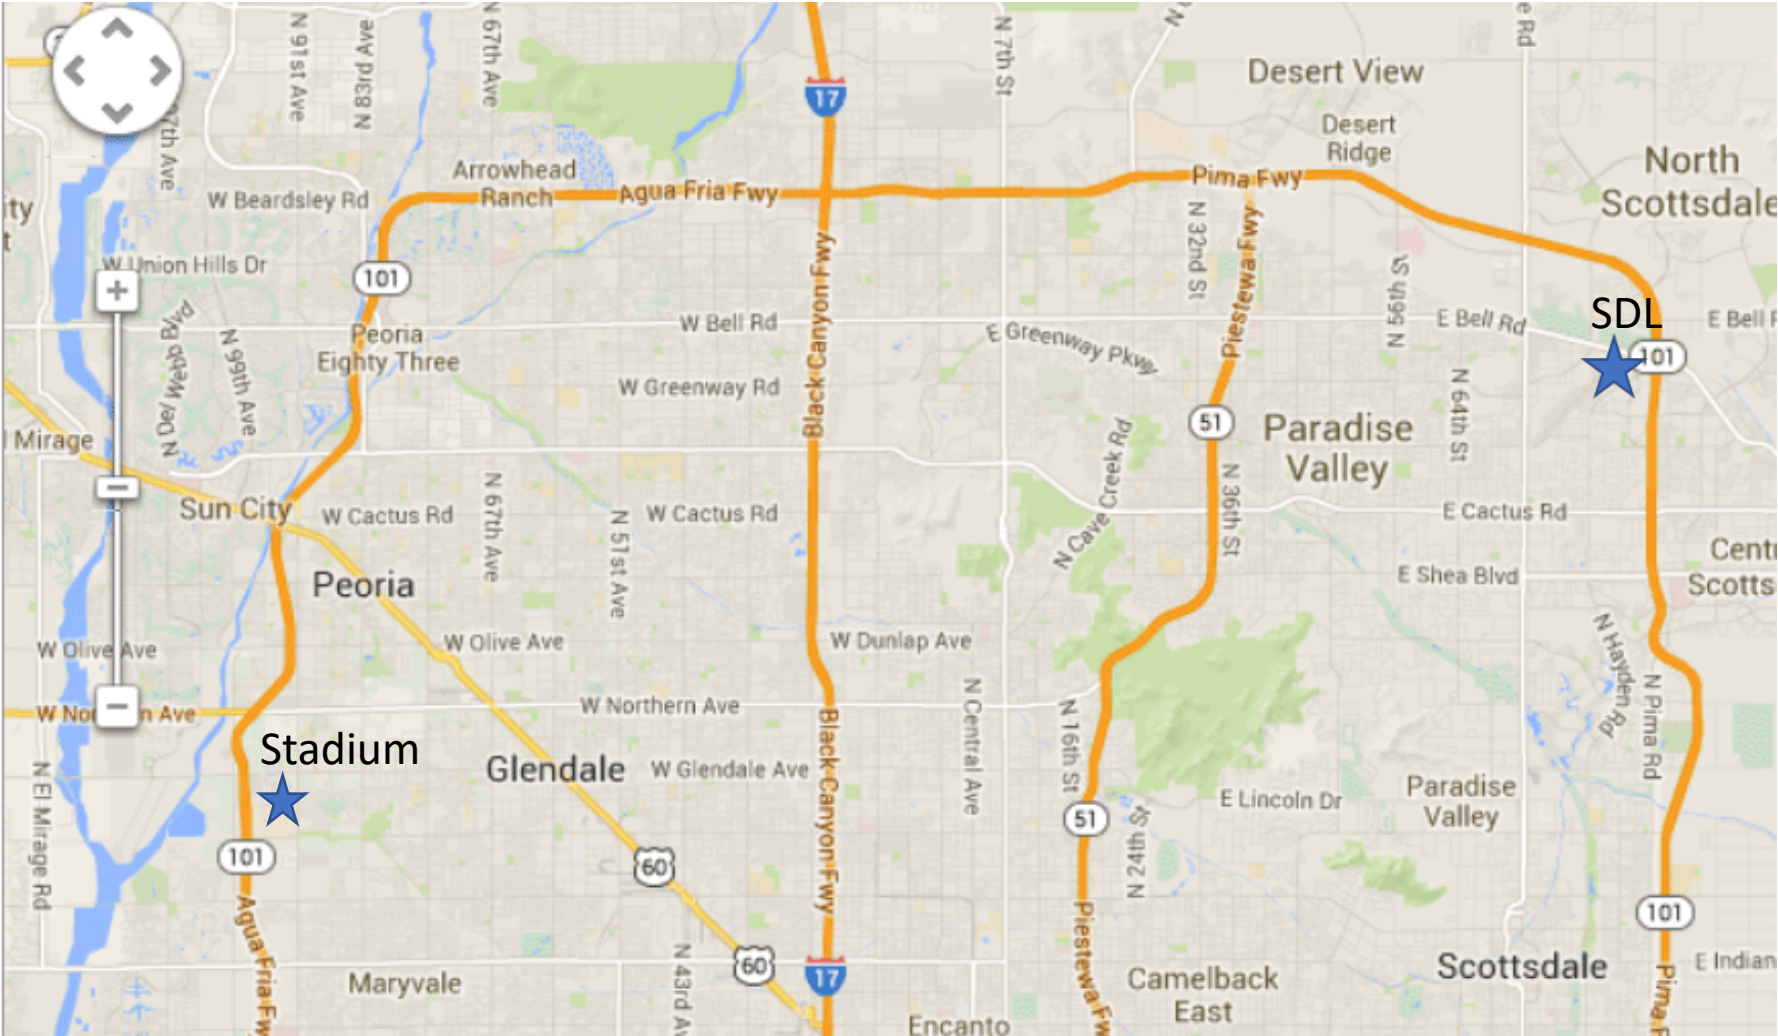

- Vehicles will not be allowed to wait outside of the FBOs due to limited parking and security concerns. The ground transportation plan is dynamic and subject to change. Please check your preferred FBO for updates.
 - Space for accommodating ground transportation at Scottsdale Airport is severely limited. Please expect significant traffic during the hours immediately following the event. Your patience is appreciated.
-
- Scottsdale Airport is located approximately 21 miles E/NE of the State Farm Stadium in Glendale, Arizona
 - Please refer to your preferred FBO for ground transportation accommodations.
 - Ramp side access for vehicles will be prohibited during the PPR timeframe of the event.

Scottsdale Airport
Operational Plan 2023

SDL to Stadium = 21 miles

Scottsdale Airport
Operational Plan 2023

Safety and Security

- No vehicular access will be permitted to any ramp, taxiway or runway.
- To ensure passenger safety, loitering around any parked aircraft is not permitted. All passengers are requested to stay inside the aircraft unless transferring to a van or escorted to the FBO.
- No smoking within 50 feet of any aircraft.
- No garbage, luggage or packages to be left unattended.
- The airport reserves the right to restrict movement on any movement area should the need arise.
